Asgn # 1Due Thursday Sept 24

Dr. Kaminski - you have my word that:

1. I wrote this entire application myself in accordance with the guidelines in the course policies & syllabus and university policies of what's considered acceptable student academic conduct. Any code (longer than a couple lines) used in this assignment which was created by someone else (even if changed slightly) or was written jointly with someone else is both clearly attributed (in a comment in the code) and described here on the **BOTTOM OF THIS COVER PAGE**. [Yes, PrettyPrint is SUPPOSED TO BE someone else's code. Yes, using pseudocode or code from the course website is acceptable and need not be attributed below].
2. The program code attached **DID** actually produce the data files which are attached.
3. There was no editing of the attached data files after the attached program produced them (except perhaps the font, font size and/or page-orientation for printing).
